

# Encapsulation Machine – Autonomous Operator

**Location:** Lancaster, NY

**Reports to:** Production Supervisor

## Meet NutraBlend Foods

NutraBlend Foods is one of the largest custom manufacturers of specialized health nutrition powder products in North America, powered by an experienced team with a passion to help customers hustle and thrive.

With over 20 years working with some of the top Sports Nutrition brands around the world, our experience supports our customers to formulate great-tasting products that meet or exceed consumer expectations. Our state-of-the-art manufacturing facility located in Lancaster, NY provides our customers with confidence in our ability to meet delivery requirements and scale up volumes as their brands succeed.

All of this is made possible by our people.

## Why Join the Team at NutraBlend Foods?

Our employees represent the best of what we do and their passion, dedication and commitment are the building blocks of our success. When you join the NutraBlend Foods team, you become part of our family. We offer a comprehensive group benefits program including medical, dental, disability, vision coverage and an employee assistance program.

## Position Summary

Responsible for performing various tasks to set up, operate, monitor, troubleshoot and perform preventive maintenance on assigned machines. Set up and operate a production machine in accordance with established procedures and guidelines.

## Responsibilities

- Perform necessary pre-operation activities to ensure proper equipment startup including cleaning feed tanks, weighing and adding raw materials, mixing or blending materials, and transporting feed tanks to point of use
- Operator is responsible for keeping equipment running smoothly and efficiently including in-process quality checks and order changing or size changing machines. This involves disassembling, cleaning, and reassembling machines.
- Visually and manually inspect finished goods for quality defects, operating the vacuum chamber and packaging/labeling of finished goods
- Operate/monitor multiple pieces of equipment during operation to ensure quality production and minimal unplanned stops
- Communicate with team members and support teams to ensure continuous production of the correct product at high quality levels with minimal wasted time and materials
- Maintain clean and orderly work area
- Perform routine maintenance

## Qualifications

- High School Diploma or GED required
